

Form Furniture Launches with the Stash Series

A collection of sleek, functional, storage solutions guaranteed to make (work)life uncomplicated

At the intersection of sleek design, superior quality, and common sense functionality sits the newly launched, **Form Furniture** (<https://form-furniture.com/>). The modern workplace line helmed by CEO & Founder, **Jonathan Johnson**, was born from his years working in the A&D industry. This experience led to the realization that simplicity is key to workplace productivity. He created Form to live at the crossroads of ease, adaptability, great prices, quick lead times, high quality, and beautiful design. Today, he proudly introduces the first storage solutions from Form – the **Stash Series** (<https://form-furniture.com/collections/storage>).

“The Stash Series is part of our debut line and exemplifies Form’s vision of simplicity, beauty, and quality, offering a fresh storage solution to the market at a great price,” said Johnson. “My vision for the Stash Series is an extended study of continuous form, honest materials, and simplicity built on my years of practice and exploration in the field of architectural and interior design. Simplicity is the holy grail of design, and I believe the Stash Series delivers at every level.”

The minimal, gracefully designed Stash Series is a versatile, practical improvement to yesterday’s storage solutions. The patent pending Series includes the **Stash Cart**, **Stash Tower**, and **Stash Drawer** – all available in Perfect White, Grey-Beige, Grey-Green, Red-Brown, and Graphite powder coated 1.5mm gauge steel with lockable casters.

Stash Drawer (<https://form-furniture.com/products/stash-drawer-1?variant=47258641760568>) delivers big storage and function in a compact footprint:

- Drawer

- Optional Seat Pad available in Grey and Graphite

Stash Cart (<https://form-furniture.com/products/stash-drawer?variant=45791793742136>) offers spacious storage, easy mobility, and a great place to grab a seat:

- Handle
- Optional Seat Pad available in Grey and Graphite

Stash Tower (<https://form-furniture.com/products/stash-tower?variant=45791876219192>) is a mobile storage solution that will keep you organized and ready to work:

- Handle
- Three shelves
- Range of functional accessories available

About Form Furniture

We believe that simplicity is key to workplace productivity. This philosophy is reflected in every aspect of our brand – from product design to customer interaction. With clean, minimalistic designs and sensible pricing, our workplace solutions are thoughtfully crafted to enhance functionality without unnecessary complexities. Furniture shouldn't be complicated. Situated at the crossroads of affordability, efficiency, and quality, we provide modern workplace furniture and storage solutions that meet the demands of today's dynamic work environments.
